ABOUT SHREERAM POLYMERS

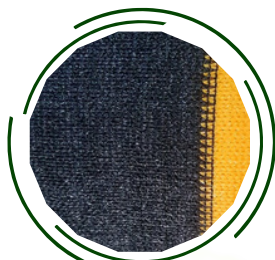

Shreeram Polymers is Leading Manufacturer & Export company that specializes in producing high-quality shade net. Our products are designed to provide protection from excessive sunlight, UV rays, and harsh environmental conditions, making them ideal for agriculture, horticulture, floriculture, and even commercial uses. The company is known for using advanced manufacturing techniques and UV-stabilized materials to ensure durability and longevity of the shade net Industry in Pune Maharashtra.

"WHY ELITE SHADE NET ?"

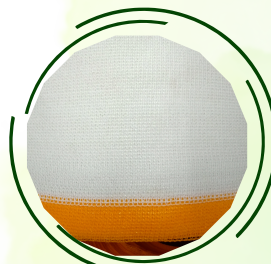

- **Versatile Protection** : Ideal for gardens, greenhouse, nurseries, agricultural fields, and even outdoor spaces like patios.
- **UV Protection** : Blocks up to 90% of harmful UV rays, protecting plants, people and animals from sun damage.
- **Temperature Control** : Keeps the environment cooler by reducing heat stress on plants and workers.
- **Durable & Long-Lasting** : Made from high-quality, weather-resistant materials for a long lifespan.
- **Water Permeability** : Allows rainwater to reach plants while blocking direct sunlight.

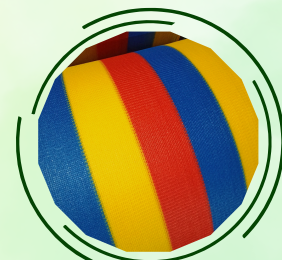

Green Net - For Agriculture and General Purpose Shading
